Behavior Policy
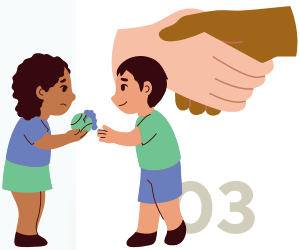

Keep Your Cool

When things get heated, take a deep breath and stay calm. Yelling doesn't help anyone!

01

Brainstorm Solutions

Instead of just pointing out problems, use your creativity to find cool ways to fix them!

02

Own Up

Everyone makes mistakes, and that's okay! Take responsibility for yours and turn them into learning experiences.

03

Embrace Humble Pie

Leave the bragging for the birds! Being humble/calm makes you shine even brighter.

04

Tune In, Speak Out

Big ears, little mouth! Listen up to understand others before sharing your thoughts.

05

Sprinkle Kindness

Be a sprinkle of kindness in a world of vanilla! Treat others the way you want to be treated.

06

Truth Talk

Honesty is like magic—it makes problems disappear! So always keep it real.

07

HAVE FUN!

Enjoy the company of others and have fun. Take advantage of this privilege and cherish the memories you create.

08
